NOLOOK

That's how it works

1.

Thread the beads as you like (or see pict. 1) onto the jewellery wire. Adapt the necklace to the right length.

2.

Thread the inner line onto the jewellery wire as well and adapt the necklace onto the outside necklace.

3.

Bring both strings together and thread 2-3 squeeze beads. Go with the strings through the hook of the clasp and back through the squeeze bead. Press the squeeze bead together.

That's how it works

1.

*Thread the various beads and jewellery findings onto chain stitch pins and create a hook at the end.
Hook in the buttons, jewellery findings and rings.*

2.

Fix the parts between the anchor chains and hook in the jewellery findings and the tassels.

3.

If you like you can fix a clasp. Just hook in the anchor chain with rings into the clasps.
