14 345 316	Glass marble disc, 15 mm, pentagon, plum	4 pieces
14 346 316	Glass marble disc, 19 mm, pentagon, plum	2 pieces
14 349 316	Glass-faceted olive, 13 x 10 mm, plum	3 pieces
21 574 568	Metal jewellery element, oval, 20 x 23 mm	3 pieces
14 347 316	Glass wax bead Chips, 19 x 13 mm, plum	4 pieces
14 216 267	Swarovski polished beads crystal, 4 mm ø	12 pieces
14 219 388	Swarovski polished beads crystal, 6 mm ø	20 pieces
21 132 21	Chain catch, 9 mm	1 piece
21 012 21	Crimps	66 pieces
21 020 01	Jewellery wire, 0,40 mm, black	1 meter
89 354 00	Crimper for jewellery	1 piece

Instruction:

1. Thread three crimps on the nylon thread. Pull the top of the thread through the loop of the catch and back through the three crimps. Fix the crimps with a plier.
2. Thread one blue Swarovski bead, one glass marble disc and one blue Swarovski bead. Fix with crimp. Thread a second crimp and pass again with the nylon thread through the crimp, so that a loop results. Fix it and thread a third crimp. Fix as well and thread a glass bead "chips". Go on working as shown in the sample.
3. Finally fix the end of the nylon thread at the catch (see at the beginning)
4. For the loop pendants: Cut 1.5 – 2 cm long nylon threads. Fix one end with a crimp, thread a blue Swarovski bead, plug it through the loop, thread a rose Swarovski bead and fix it again with a crimp.
