

Used items:

63 009 000	Cork material, natural, rolled	0,5 sheet
53 119 25	Textile felt, grey (cutting 15 x 9,5 cm)	30 x 9,5 cm
63 030 505	Cork band, flat	22 cm
56 968 000	Imitation leather label "Handmade"	1 Stück

Additionally you need:

Sewing machine, thread

 Level of difficulty  60 min

Instruction:

Suitable for a smartphone with approx. dimensions of 7 x 14 x 0.8 cm

- 1 To start with, use the cork material and textile felt to create the cuttings. The cuttings include the seam allowance.
- 2 Position the cork inside facing along the rounding onto the "Cork Reverse" cutting part, with the inner sides facing each other. Sew the cork inside facing to the 3 outer edges, keeping close to the edge.
- 3 Then sew the cork front part to the textile felt cutting (the bottom edges are lying on one another). Sew on the handmade label by hand.
- 4 Now you can place the textile felt with the sewed on cork, the second textile felt cutting and the cork reverse side on top of one another and sew these together along the outer edges.
- 5 In a final step, fixate the cork band so that the cover (the flap) fits inside and, with a few hand-sewn stitches, sew it firmly onto the reverse side of the mobile case.

If you would like to add a personal touch to your mobile case, you can add your special decorating touches. For instance, it can be decorated using a stamp or with Hotfix rhinestones.

Used items:

63 009 000	Cork material, natural, rolled	0,5 sheet
53 119 25	Textile felt, grey (cutting 15x9.5cm)	30 x 9,5 cm
63 030 505	Cork band, flat,	22 cm
